Travel Tips

Desert Dress
– Our recommendations

As the desert safari is one of the most popular activities to try when you're visiting Dubai, it is important to prepare yourself for hot or cold weather conditions. It is essential to protect yourself from the elements, like the harsh sun and the blowing sand.

Your dress should suit the desert safari, which means they must be the adjustable, breathable and neutral type of cloth able to deal with both cold and hot temperatures. Also to be able to deal with the dust of the desert. The desert is not always hot, during the mornings and evenings it can be cold and you will have to wear it accordingly. But when it appears to be hot, you should dress accordingly.
